DETAILED ACTION

The following is an examiner's statement of reasons for allowance: due to the reversal from the board of appeals this case is in condition for allowance. The board made it clear on the record that since Bijvoet did not continue the studies to ascertain whether the treatment had any beneficial effects on the mice and that given these limited results from Bijvoet's experiments they could not conclude that one having ordinary skill in the art would have had a reasonable expectation that the administration of human acid alpha-glucosidase to GSD-II patients would have been successful, this case is in condition for allowance, see page 14, first full paragraph to page 15, the top three lines.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
